

QuantuMD_®

Our vision, mission and values

⊙ Our vision:

Our vision is to empower the world to control and eradicate disease and reduce suffering.

⊙ Our mission:

Our mission is to make transformative, quality diagnostic technologies accessible to everyone, so that diseases can be detected and treated earlier, and transmission eradicated.

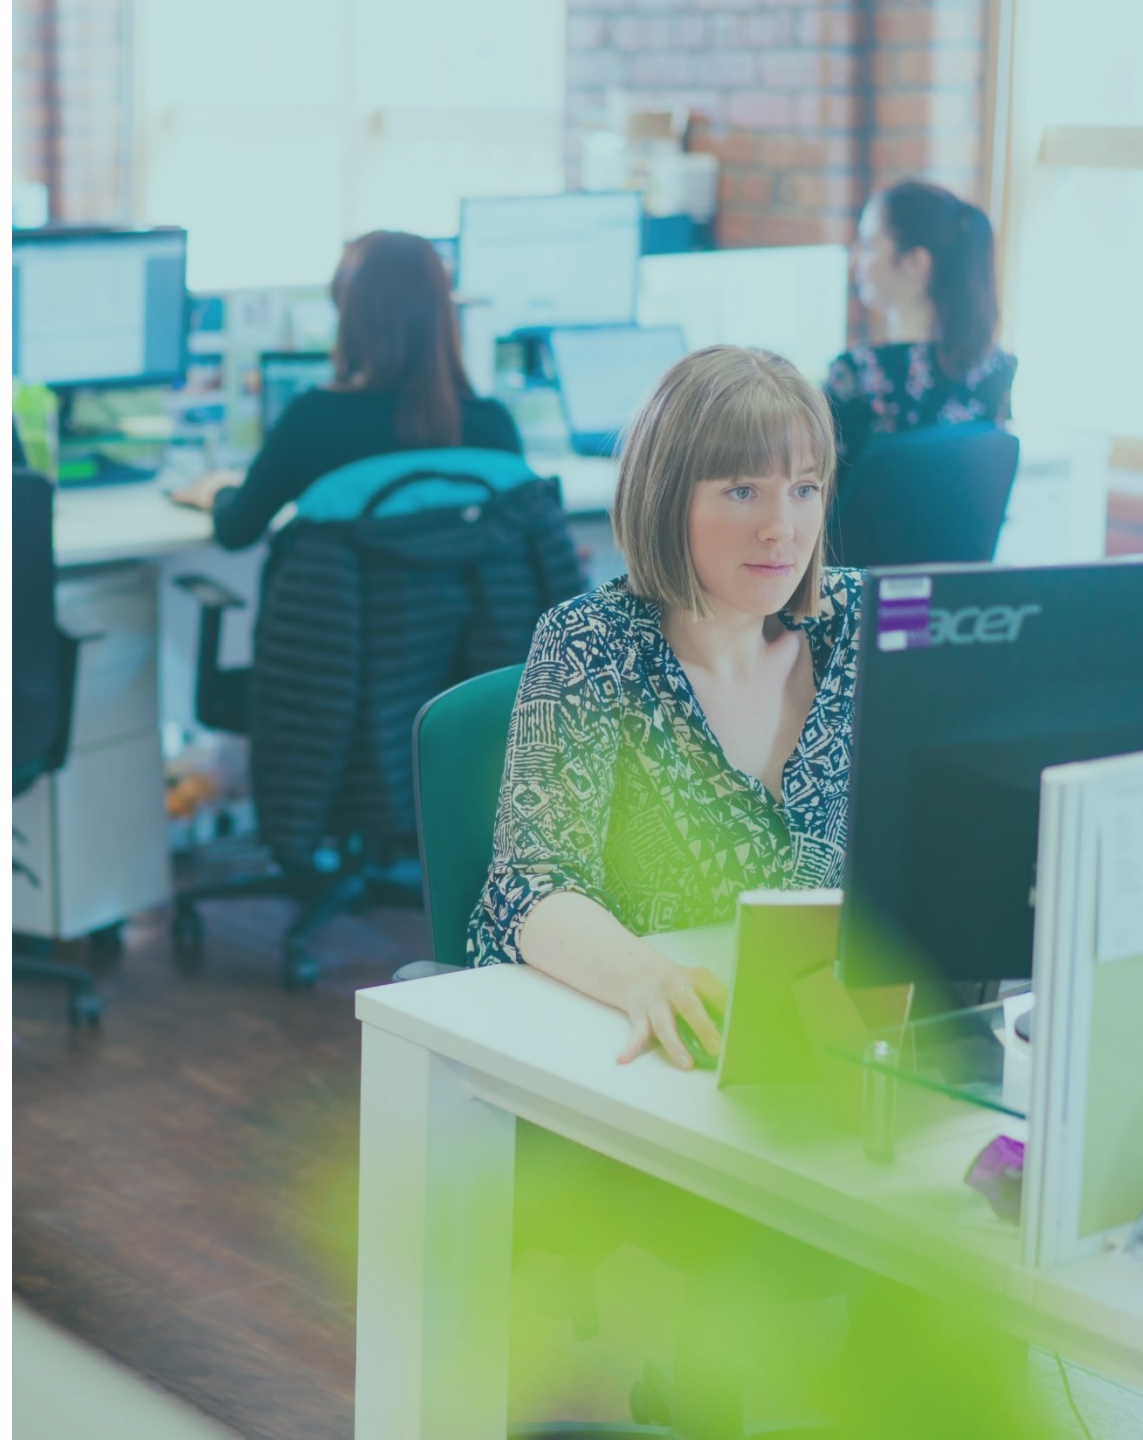

Our vision and mission

Our company values reflect what makes us tick: our ethos, our beliefs, and our motivation to work effectively together to fulfil the QuantuMDx mission.

Our values

④ Quality:

We put the patient's safety at the heart of everything we do.

Q is for...

Fun:

QuantuMDx is a happy environment that promotes the building of meaningful work relationships across the business.

F is for...

© Innovative:

Relentlessly improve ourselves and our technology to deliver high-quality molecular diagnostics which will empower overburdened healthcare systems worldwide.

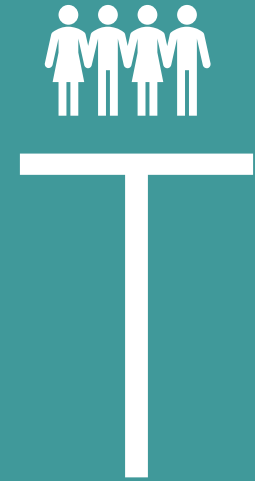

I is for...

ⓐ Teamwork:

We are supportive of one another, collaborating to achieve the vision.

T is for...

ⓐ Transparent:

We are always open and honest with our colleagues, so that we can nurture a culture of trust and transparency.

T is also for...

Q-FITTT

Our values...

Our standard of behaviours underpins our values and describes how we expect everyone to work at QuantuMDx.

Our behaviours...

- ⊙ Communication: Clearly defined objectives across all levels.
- ⊙ Commitment: Determined to deliver a first class product, on time and provide exceptional customer service.
- ⊙ Positivity: Encourage a 'can do' attitude.
- ⊙ Respect: Acknowledge the feelings, concerns, opinions, and ideas of others.
- ⊙ Humanitarian: Believe in improving healthcare for the greater good.
- ⊙ Listening: Receptive to colleagues' ideas and opinions, as every voice counts.

Our behaviours...

As a member of Team QuantuMDx, we'll need your help to reinforce our set of values every day through your work, your attitude, and your interaction with others.

What does it mean for me?

QuantuMD_{ix}

We look forward to hearing from you.
